Session July 28th, 2010

Hi Jason,
Thank you for your request, however there isn't any additional time for a face to face meeting tomorrow. We have had many requests and the schedule is just too tight to accommodate them. After the Dillingham trip the Administrator is headed to the Gulf of Mexico. Maybe we can set up some time when Dennis is back in Alaska or we could set something up over the phone after they return from the trip.

I would be happy to work with you in scheduling this.

Sincerely,
Tami

Tami,

I plan to be in Dillingham tomorrow for the meetings with the EPA. I realize your team is in Bethel today but I am hoping to schedule some face time with Administrator Jackson and Administrator McLerran. Of course Marcia Combes would be a welcome addition.

If you receive this message before tomorrow's trip to Dillingham, I would appreciate 10 or 15 minutes of their time to talk about BBNC's opposing position on the Pebble Mine project. As a land owner of 3 million acres of sub-surface estate in Bristol Bay, our position of opposition much like our mission statement, is unique. Thanks for your consideration.

Jason
